

MIHMS Provider Forum No. 14

February 11, 2010

Today's Agenda

- Project Update
- User Acceptance Testing (UAT)
- Prior Authorization Update
- EDI Testing Update
- Transitional Information for Providers
- Question and Answer Session

Project Update

Accomplishments

- ✓ 837 EDI Testing now available
- ✓ Provider Maintenance Live in Production December 2009

Implementation Update

- ✓ Additional time is needed for testing of the system
- ✓ Providers will continue to process claims in MeCMS
- ✓ New implementation schedule will be communicated mid-late February

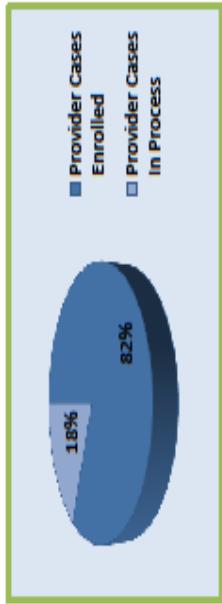

Re-enrollment Update

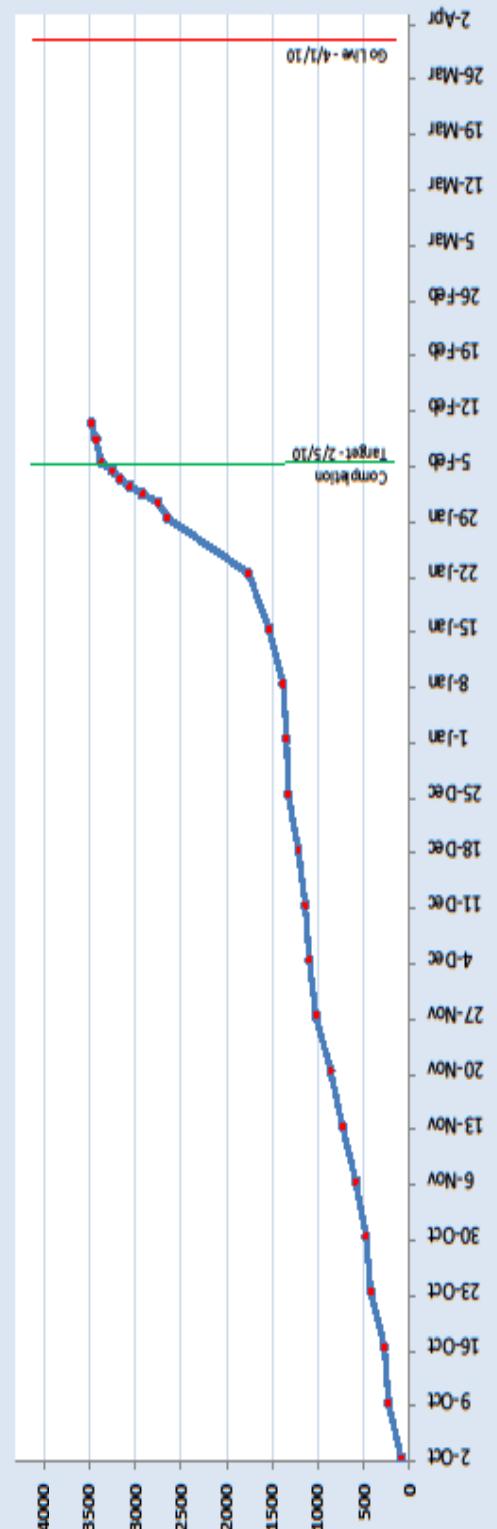

MIHMS Provider Enrollment Progress - Pre 1/9 Provider Case Resolution

Total Pre 1/9 MIHMS Provider Cases	4259
Provider Cases Enrolled	34481
Provider Cases In Process	778
Provider Case Completion	82%

Wednesday, February 10, 2010

MIHMS Provider Case Resolution Progress (Pre 1/9 Submissions)

Provider Training Update

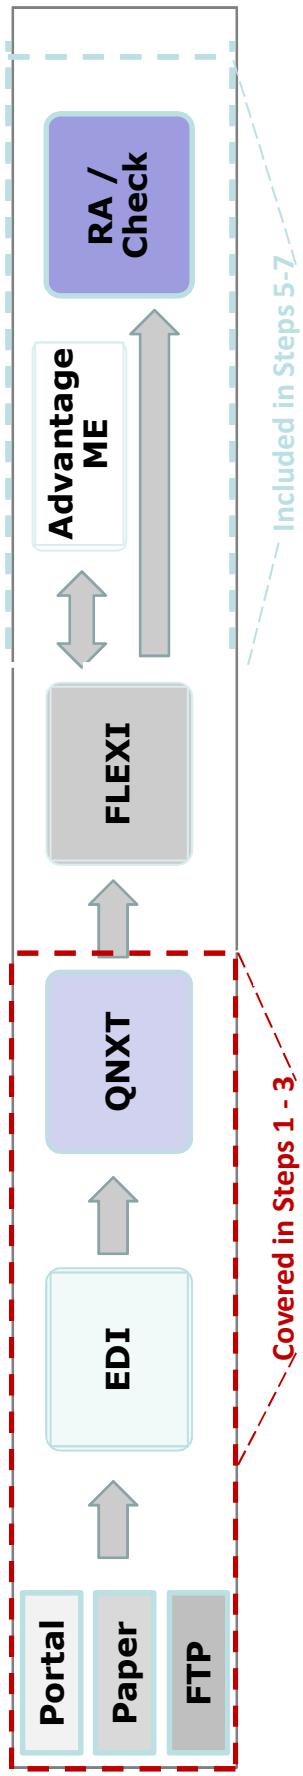

- ✓ Provider Training has been occurring since January and is scheduled to continue through March.
- ✓ We have had an overwhelming response and additional sessions are being scheduled.
 - Changes will be posted to the website:
http://www.maine.gov/dhhs/oms/forms/mihms_phase_2_training.shtml

User Acceptance Testing (UAT)

User Acceptance Testing (UAT)

✓ 7 UAT Testing Steps

- Staged functional delivery into UAT
- Builds incrementally in functionality and complexity

✓ Horizontal Testing

- Claims submission, adjudication, pricing and remittance
 - Variations of Provider Types, Specialties, Programs, Contracts and Benefits
- Focuses on end-to-end transactional processing, connectivity and outcomes

✓ Vertical Testing

- Tests MITA business area functionality
- Focuses on detailed functional processes, inputs and outputs
 - 2400 individual test scripts
 - Validated by State SME's

Pilot Testing

✓ Goals

- Test the end to end claims process
- Test as many provider type and specialty combinations as possible
- Build confidence within the Provider community
- Obtain feedback on remittance advices

✓ Structure

- Test All claims entry mediums
 - DDE, 837, FTP Batch, Portal
 - Onsite with Providers, via the testing "Lab" with MaineCare, coordinated electronic submission

Pilot Testing (continued)

✓ Participants

- Selected participants based on provider type/specialty and grouped by claim types
- Selection considerations include which “part” of the system will be tested
- Historic “trouble spots” and MaineCare specific claims rules

✓ Timeline

- UAT Steps 1-7 must be complete
- Expected to be conducted during the last 2 weeks of UAT

Identified Pilot Testers

- ✓ Anesthesiologist
- ✓ Behavioral Health Clinician Group
- ✓ Billing Agent
- ✓ Boarding Home
- ✓ Case Management
- ✓ Clearinghouse
- ✓ Dentist
- ✓ Dialysis Center
- ✓ Durable Medical Equipment
- ✓ Family Planning Services
- ✓ Federally Qualified Health Center
- ✓ Home Health
- ✓ Hospice
- ✓ Hospital
- ✓ Indian Health Services
- ✓ Internal Partners
- ✓ Laboratory/Radiology
- ✓ Mental Health Clinic
- ✓ Nursing Facility
- ✓ Optometrist
- ✓ Out-of-State Provider
- ✓ Pharmacy
- ✓ Physical Therapist
- ✓ Physician Group
- ✓ Physician, Independent
- ✓ Private Non-Medical Institution
- ✓ Rehabilitation Center
- ✓ Rural Health Center
- ✓ Substance Abuse
- ✓ Transportation
- ✓ Waiver Services

Pilot Testing (continued)

- ✓ Gaps in Provider Types (From Original Pilots)
 - Indian Health Service Provider
 - Independent Physician
 - Optometrist
 - Anesthesiologist
 - Dialysis Center

Pilot Testing (continued)

- ✓ How to become a Pilot Testing Provider
 - Contact Cecile Eisenhart
 - Cecile.eisenhart@maine.gov
 - Phone #: (207) 629-4287

Prior Authorization Update

Topics

- ✓ Accessing PA portal
- ✓ PA Criteria
- ✓ Submit/View PA
- ✓ New PA Request Form (for paper submissions)

Attention Providers:

Provider Enrollment

- 1) Please select the Provider Enrollment link to begin your application.
- 2) You cannot "Register" (as a Trading Partner) until your re-enrollment application has been approved.
- 3) Your application will lock if you do not enter and save your contact e-mail address on the "business information" screen before terminating your session for any reason. You will need to wait 1 business day for your application to reset before you can start your application again.
- 4) Please be sure to have a valid contact e-mail address ready before you begin your enrollment. This will allow you to receive the information you need to resume your application.

Welcome

Welcome to the Maine Integrated Health Management Solution (MIHMS), a state-of-the-art, HIPAA compliant Medicaid Management Information System that will process Medicaid claims when it is fully implemented in 2010.

MIHMS has been developed in partnership with Unisys Corporation, who serves as the State's fiscal agent. This new web portal will serve as your location for provider enrollment, new enrollment, updates to provider information, claims submission and further information regarding MaineCare billing. For all other MaineCare news, please continue to visit <http://www.maine.gov/dhhs/oms/index.shtml>.

Provider Home > Provider

Welcome to MyHealth PAS, Unisys' web-based administrative services tool that delivers provider and trading partner access to Medicaid information and medical administration transactions in real-time through secure Internet.

Using a web-based solution like MyHealth PAS, we have the ability to share valuable medical information with members, providers and trading partners in real-time environment without calling Provider Services or waiting for mail deliveries.

Form Entry:
Providers can check real-time member eligibility, enter a claim and adjudicate right away to check for errors or verify the payment amount, immediately obtain the status of a submitted claims - at any time - 24 hours day.

A small sample of features available in MyHealth PAS is listed below. Please take a few moments to review the features of MyHealth PAS and take advantage of a new way of working to make your office environment more efficient.

MyHealth PAS features include:

- Providers**
- Billing Agents and Clearinghouses**
- Members**
- Check Provider Directory**
- Request replacement ID Card**
- Submit HIPAA Compliant X12 Transactions**
- Archive search of submitted Transactions**
- Referral Submission**
- Check Referrals**
- View Patient Roster**
- Submit and view claims**
- View claims Payment Detail**
- Submit and view Referrals**
- Submit and view Authorizations**
- Verify Member Eligibility and much more**
- Referral Status**
- View Available Benefits**
- View Benefits**
- Download HIPAA Compliant X12 Responses**
- View/download Reports**

For more information Please contact us:

Prior to the new Medicaid system go live, Trading Partner functionality will be limited to HIPAA Compliant X12 file upload/download testing.

EDI Testing - Ramp

Screenshot of a Microsoft Internet Explorer browser window showing the UNISYS CommerceDesk interface.

The title bar reads "CommerceDesk - Microsoft Internet Explorer".

The address bar shows the URL: <https://sites.edifecs.com/content/workspaces/userexplorer.jsp?uid=UN7U1Z&groupId=31507993&siteKey=unisys>.

The main menu includes File, Edit, View, Favorites, Tools, Help, Back, Forward, Stop, Refresh, Favorites, Search, and Links.

The top right corner displays a welcome message: "Welcome Jason Clement" and "Manage Unisys Corporation".

The navigation bar features links for Home, Unisys, MaineCare Testing, and Programs.

A sidebar on the left lists "Start", "Manage", "Reference Material", "Tasks", "Inbox", "Issues", and "Participants".

The main content area displays the "Welcome to the Validation Test Wizard". It provides instructions: "This wizard will help you upload a data file to be tested against a guideline. After uploading, the CommerceDesk validation engine will verify the compliance of the data file and create a detailed compliance report." It also states: "Using this wizard you will:"

- Upload a data file to be tested
- Note: You have selected the "337 Dental Claims Validation" task.

Buttons for "Cancel" and "Next" are visible at the bottom of the wizard window.

The status bar at the bottom right shows "Powered by EDIFECS", "Done", "Internet", "EN", "9:55 AM", and several icons for Microsoft Office applications.

Testing Instructions

This is a validation task. A validation task allows you to analyze your EDI data to determine if it's compliant with your trading partner's guideline. This task is complete when you successfully upload compliant data.

1. Review the guideline used for validation. [View Guideline](#)
2. Create a data file using your EDI software.
3. Upload the data file to the test center. [Run Test](#)
4. After sending the document return to this page to get the test results.

EDI Testing - Portal

- ✓ 837 testing is fully available on the portal for providers to begin testing. Certification testing is a self-service process. Trading partners (TP) will use the “X12 Upload” link under “File Exchange” on the Trading Partner tab to locate and upload X12 files to Health PAS OnLine for processing.
- ✓ This will allow TPs to browse their local computer or network to locate the appropriate file to be submitted. When a file is selected, the user will have to confirm that they have selected the appropriate file

EDI Testing - Portal

- ✓ The Usage Indicator, element 15 of the Interchange Control Header (ISA) of an X12 file must indicate a "T" for a test file. Authorization will be granted on a per transaction basis.
- ✓ In order to process EDI transactions with MIHMS, this testing and file certification process must be completed for each transaction type that TPs want to process with the new system.

Attention Providers

Provider maintenance is now available for approved providers who have Trading Partner User Names and Passwords.. please review the Maintenance Guide located with the "Enrollment Guides" in the lower left hand corner of this page, then log in to access the Provider Maintenance links!

1) Please select the Provider Enrollment link to begin your application.

2) You cannot "Register" (as a Trading Partner) until your re-enrollment application has been approved.

3) Your application will lock if you do not enter and save your contact e-mail address on the "business information" screen before terminating your session for any reason. You will need to wait 1 business day for your application to reset before you can start your application again.

4) Please be sure to have a valid Contact e-mail address ready before you begin your enrollment. This will allow you to receive the information you need to resume your application.

Maintenance:

Provider maintenance is currently accepting Claim (037) transactions for trading partners certification testing. Other transactions, such as Eligibility Requests (270), Claim Status Requests (275), Prior Authorization Referrals (270), etc. will be supported on February 15, 2010.

HIPAA File Exchange Testing:

MHMS is currently accepting Claim (037) transactions for trading partners certification testing. Other transactions, such as Eligibility Requests (270), Claim Status Requests (275), Prior Authorization Referrals (270), etc. will be supported on February 15, 2010.

Welcome

Welcome to the Maine Integrated Health Management Solution (MHMS), a state-of-the-art, HIPAA compliant Medicaid Management Information System that will process Medicaid claims when it is fully implemented in 2010.

MHMS is being developed in partnership with Unisys Corporation, who serves as the State's fiscal agent. This new portal currently supports provider re-enrollment. In the future, it will also serve as a location for new enrollments, updates to billing information, claims submission and other information regarding MaineCare billing. Please continue to visit <http://www.maine.gov/dhhs/moms/index.shtml> for all other MaineCare news.

We believe you will find the web portal process to be user-friendly and streamlined. If you are short on time and cannot complete the entire application, you will be able to save your work and return at a more convenient time.

If you have any questions, please contact us at 1-800-321-4567, option 8.

We thank you for your service to MaineCare members and look forward to our continued partnership in improving the health of Maine citizens.

Welcome to MyHealth PAS. Unisys' web-based administrative services tool that delivers provider and trading partner access to Medical information and medical administration transactions in real-time through secure Internet.

Using a web-based solution like MyHealth PAS, we have the ability to share valuable medical information with members, providers and trading partners in real-time environment without calling Provider Services or waiting for mail deliveries.

Providers can check real-time member eligibility, enter a claim and adjudicate right away to check for errors or verify the payment amount, immediately obtain the status of a submitted claims - at any time - 24 hours a day.

A small sample of features available in MyHealth PAS is listed below. Please take a few moments to review the features of MyHealth PAS and take advantage of a new way of working to make your office environment more efficient.

■ Frequently Asked Questions

■ Online Website Survey

■ Re-Enrollment Survey

■ Surveys

■ Contact Us

MyHealth PAS features include:

Members

- Check Provider Directory
- Request replacement ID Card
- Request Letter of Creditable Coverage
- Request Claims History
- View Available Benefits

Providers

- View Patient Roster
- Submit and view claims
- View claims Payment Detail
- Submit and view Referrals
- Submit and view Authorizations
- Verify Member Eligibility and much more

Billing Agents and Clearinghouses

- Submit HIPAA Compliant X12 Transactions
- Archive search of submitted Transactions
- Download HIPAA Compliant X12 Responses
- View/download Reports

Prior to the new Medicaid system go live, Trading Partner functionality will be limited to HIPAA Compliant X12 file upload/download testing.

To submit test files, click File Exchange in the Navigation pane at the left side of the screen, and select X12 Upload.

MINMIS is currently accepting Claim 837i transactions for trading partner certification testing. Other transactions, such as Eligibility Requests (270), Claims Status Requests (276), Prior Authorization Referrals (278), etc. will be supported on February 15, 2010.

EDI Testing

- ✓ To assist you with testing, the EDI Help Desk staff are available from 8:00 am – 5:00 pm, Monday through Friday and can be reached by calling: 866-690-5585 or you may contact them by email at: Mainecaresupport@unisys.com

Transitional Information for Providers

Transitional Information for Providers

- ✓ **A Transition Guide is under development**
 - Provides guidance for providers on what is changing from MeCMS to MIHMS
 - System Enhancements
 - Online Functionality
 - HIPAA Compliance

- ✓ **Status**
 - Undergoing internal review between State/Unisys personnel
 - Will be reviewed by the Technical Advisory Group (TAG) for final review before publishing

Transition Guide Content

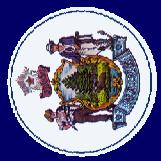

- ✓ “Date of Service” Cutover Strategy to MIHMS and Run out of MeCMS for six months
- ✓ Loading / Processing of Medicare Crossover Claims
- ✓ Claims Submission Changes
 - Use of the UB04, CMS 1500 (08-05), ADA 2006
 - Use of the UB04 claim form for FQHC, RHCS & Dialysis
- Hospitals must bill consistent with Medicare billing requirements.
- Medicare requires that most professional components be billed on the CMS 1500
 - exception for Critical Access Hospitals (CAH) outpatient services.
- MaineCare will allow that Critical Access Hospitals bill consistent with how they have elected to bill Medicare.

Transition Guide Content-continued

Billing changes

- NPI (Pay To)
- API (Pay To)
- Service Location ID (NPI/API+3)
- Additional Insurance Coverage
- Patient Account #/Control #
- Reversal/Replacement
- No Referral ID needed
- Multiple NDCs supported
- Reimbursement methodology changes
- ✓ Elimination of MeCMS workarounds
 - Specific billing instructions for claims where MaineCare is secondary to Medicare (crossovers)
 - Surgical codes will no longer be used for anesthesia billing

Transition Guide Content-continued

- ✓ Cost of Care
 - For providers billing for Waiver services (Section 19, 21, 22 & 29) **will not** be responsible for collecting a members cost of care amount
 - Providers who continue to be responsible for collecting cost of care must move to monthly billing
 - Cost of Care responsibility is further detailed for transition months
- ✓ Remittance Advice
- ✓ Interactive Voice Response
- ✓ Terminology changes
- ✓ Helpful links
